> Fast track to the future.

“....there is an outside chance that within a decade or so some more of the US casino states could decide to permit sports betting. This could be the next trend in US gambling history to follow the state lottery in the 1970's/1980's, Indian gaming in the 1990's and racinos in the 1990's/2000's.”
